## **9th GJU Career Fair**

Empowering GJU Students & Graduates

# Welcome note

**Dear Students, Exhibitors, and Guests,**

Welcome to the biggest event held every year at the German Jordanian University; the ninth annual Career Fair 2019.

The university believes strongly in the importance and the value of cooperating with the industry. Over the last years, we worked determinedly to establish the right and effective connections for our students locally, regionally and internationally.

The Career Fair reveals the strong cooperation between GJU and the industry. We welcome companies and organizations to interact directly with our students and graduates for internships and jobs opportunities. It is also a chance for our faculty representative to communicate and begin discussions with the industry to reduce the gaps between the academic and industrial sectors.

Around 70 exhibitors from different sections are participating in the Career Fair this year, including startups and entrepreneurship support organizations, training providers, NGOs, and educational institutions.

Speaking of Entrepreneurship & Innovation, GJU has determined its Topic of the Year 2019 to "Ideate Invent & Innovate at GJU", which was launched in the Kick-off event "The Path to Entrepreneurial Universities", organized by the Office for Industrial Links (OIL), and the Program Innovation & Entrepreneurship (PIE). This event showed a variety of entrepreneurial activities from Jordan and Germany in and around universities to

provide platforms for innovative ideas that can be turned into businesses.

I would like to appreciate the dedication of KAFD-CGO and the OIL who together established GJU Career Services, which provide services to our students and graduates, starting with career counseling to offering volunteering, training, internship and job opportunities in Jordan and Germany.

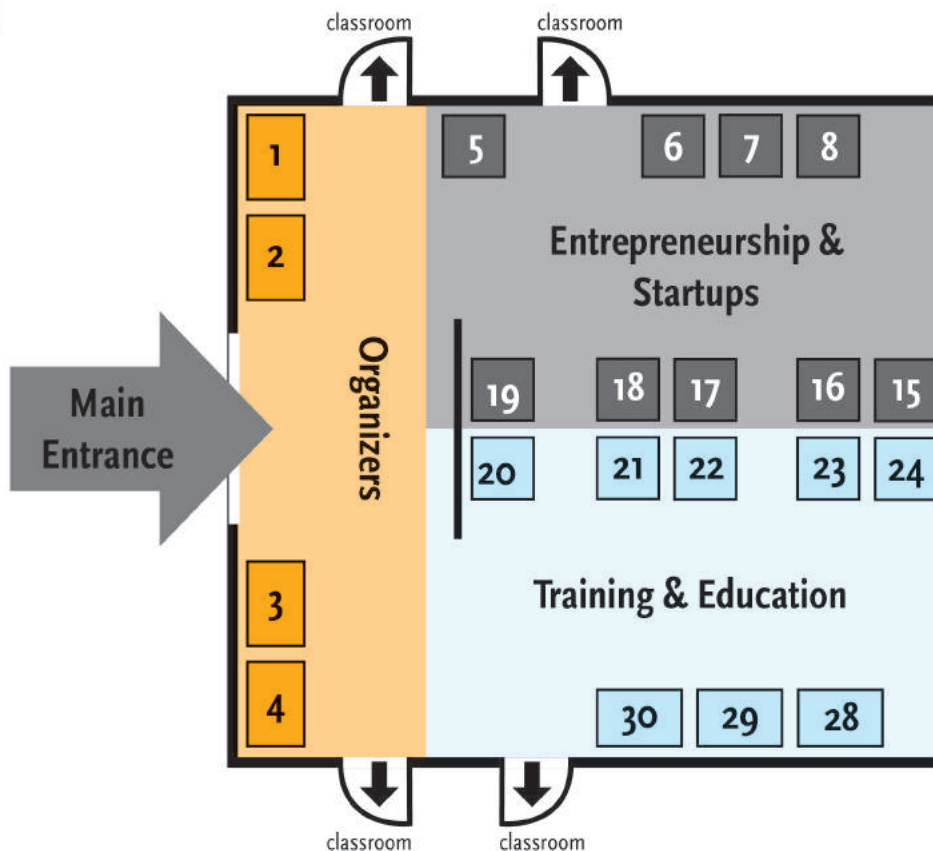

Furthermore, I extend my thanks to the Office for Industrial Links Career Fair team, the Career Guidance Office at King Abdullah II Fund, the Public Relations Department as well as Supply and Services Departments for organizing and supporting this event. A big thank you also goes to our students who assist the companies throughout the entire day in management and organization.

I wish you all a very successful, productive and pleasant time at GJU's ninth annual Career Fair 2019!

**Prof. Manar Fayyad**

## FACT SHEET

### Generation of Hope

EDU-SYRIA is an initiative launched by the EU to bring together key partners to achieve agreed outcomes essential for vocational and tertiary education levels. The ultimate aim is to support the 'No Lost Generation' strategic framework for responding to war crises, which aims to provide those affected by the conflicts with the chance to shape a more stable and secure future. EDU-SYRIA nurture future generations of highly educated individuals, who are not only able to work in public and private sectors, but also face difficulties in engaging with host communities.

### THE PROJECT

EDU-SYRIA is a framework to help Syrian refugees in Jordan and vulnerable Jordanians from refugee host communities the opportunity to pursue higher education through a set of scholarship programs.

The project consists of two phases: EDU-SYRIA I and EDU-SYRIA II, the European Union provided EDU-SYRIA with an initial fund of Euro 4 Million for the first phase and the EU Regional Trust Fund 'Madad' provided a fund of Euro 11 Million for the second phase.

The project cooperates closely with Jordanian institutions that help vulnerable Jordanians such as the National Aid Fund, Tkiyet Um Ali and the Al-Aman Fund.

Project Name	EDU-SYRIA: The provision of Higher Education to Syrian refugees and disadvantaged Jordanians

# THE ABC OF LANGUAGE COURSES

**Immerse yourself: Learn German at the Goethe-Institut! Our German courses are aligned to the Common European Framework of Reference for Languages (CEFR): From A1 for beginners until C2 for the highest (language) level.**

## AUTONOMOUS LANGUAGE ABILITY

**C2 CAN** Can effortlessly understand practically everything which he/she reads or hears. Can summarise information from various written and spoken sources, typically recasting the reasons and conclusions. Can express him-/herself spontaneously with high fluency and precision and also make finer nuances of meaning clear in more complex topics.

**C1 CAN** Can understand a wide range of challenging, longer texts – and also grasp implicit meanings. Can express him-/herself spontaneously and fluently without having to search for words frequently and necessarily. Can use the language effectively and flexibly in his/her social and professional life or in training and studies. Can make clear, structured and detailed statements on complex topics and apply various means of text organisation appropriately in the process.

## INDEPENDENT LANGUAGE USE

**B2 CAN** understand the main contents of complex texts on concrete and abstract topics and understands specialist discussions in his/her own primary area of specialisation. Can communicate spontaneously and fluently that a normal conversation with native speakers is easily possible without a great deal of effort on either side. Can express him-/herself on a wide range of topics in a clear and detailed manner, explain his/her position on a current issue and evaluate the benefits and drawbacks of various options.

**B1 CAN** understand the main points when clear, standard language is used and the focus is on familiar topics associated with work, school, leisure time, etc. Can deal with most situations typically encountered when travelling in the language region. Can express him-/herself simply and coherently regarding familiar topics and areas of personal interest. Can report on experiences and events, describe dreams, hopes and goals as well as make short statements to justify or explain his/her own views and plans.

## ELEMENTARY USE OF LANGUAGE

**A2 CAN** understand sentences and commonly used expressions associated with topics directly related to his/her direct circumstances (e.g. personal information or information about his/her family, shopping, work, immediate surroundings). Can make him-/herself understood in simple, routine situations dealing with a simple and direct exchange of information on familiar and common topics. Can describe his/her background and education, immediate surroundings and other things associated with immediate needs in a simple way.

**A1 CAN** understand and use familiar, everyday expressions and very simple sentences, which relate to the satisfying of concrete needs. Can introduce him-/herself and others as well as ask others about themselves – e.g. where they live, who they know and what they own – and can respond to questions of this nature. Can communicate in a simple manner if the person they are speaking to speaks slowly and clearly and is willing to help.

## **MISSION | Our work**

LOYAC is a locally-driven social enterprise that aims to improve the employability and increase the personal agency of youth in Jordan, aged 16-24, so that they are able to lead independent, productive, and fulfilled professional and personal lives.

## **VISION | Our world**

Youth in Jordan work and engage with others as empowered, self-motivated, and fulfilled individuals that nurture, inspire, and effectively contribute to their families, their workplaces, and their communities.

## **STORY | How did we start**

LOYAC began in 2008 as a small, grassroots social enterprise run by volunteer women, who leveraged their connections to create summer jobs and internship opportunities for Jordanian youth to prepare them for the job market.

## **GOALS | What we want to do**

- Instill enabling personal and professional skills in Jordan's youth
- Bridge the gap between the employability of youth and the needs of the local and regional job markets.
- Transform unharnessed energy into positive, creative drive so that youth have the tools to become agents of change in their lives and in their communities
- Embed a sense of agency, civic-duty, and engagement in the national landscape.
- Enable youth to become proactive and productive citizens that contribute to the governance of the nation and its leadership in the region.

## **CORE VALUES | What inspires us**

## JORDAN

Our organisation has been working in Jordan since 2013. We implement large scale Water, Sanitation and Hygiene projects (WASH) in Irbid and Zarqa governorates (Azraq camp), as well as Mental Health, and Cash Based Interventions and Livelihoods, including Solid Waste Management, programmes in Azraq and Irbid.

Action Against Hunger in Jordan has two field offices in Irbid and Azraq, supported by the coordination office based in Amman. The projects in the country are implemented by 100+ employees, and 12 international staff. In all areas of intervention, Action Against Hunger and its partnering community-based organizations target both vulnerable Syrian refugees and Jordanian households in order to preserve social cohesion. In 2017 we assisted more than 50 000 people in need.

### WHAT WE VALUE MOST

#### ACTING COURAGEOUSLY

We will do whatever it takes to help the marginalized and stand at risk, always acting with integrity and respect. No matter how hard, no matter how long it takes.

#### IMPACT THAT LASTS

Whether invisibility in a role, or incrementalism in the long term, our actions make a measurable impact. We provide evidence, take responsibility, and are always accountable.

#### CONSTANTLY LEARNING

We are always innovating, always seeking the most breakthrough. Radical, ingenious ideas are waiting to be discovered. There is always a better way.

#### LEADING BY EXAMPLE

We are the nutrition experts, trusted and respected across the world. We analyze, we problem solve, we share knowledge - and we inspire others to get involved.

#### WORKING BETTER TOGETHER

We cannot solve this problem on our own. So we work in partnerships to maximize the impact we make - and to create a worldwide movement for change.

## About Us

We got officially accredited as the first student chapter of the American Society of Civil Engineers in Jordan on February, 2017 after working under the name of Civil Engineering community (CEC) since July, 2015. ASCE-UJ is an organized group of civil engineering students enrolled at the University of Jordan that aims to prepare the students to enter the practical world following their university graduation.

The objective of this society is to expose the students to practical issues and projects and to better connect the students at universities to the engineering industry and companies. ASCE-UJ currently has two practitioner advisors, Dr. Naeem Abdulhadi (Deputy Group CEO for operation and coordination affairs at ACES), and Eng. Laith Sawalha (construction Director), in addition to one faculty advisor from University of Jordan, Professor Samih Kakish.

## Events

ASCE-UJ has been active in organizing **constructive and educational events and activities** such as:

- Annual Balsa Wood Bridge Competition.
