

## German Year Internship Testimonial: Computer Science Student Tarek Al Ashi conducts his internship at DB Engineering & Consulting

### Herzlich willkommen!

#### Tarek Al Ashi

Seit dem 1. März 2018 arbeite ich als Praktikant bei DB Engineering & Consulting. Ich habe bereits mehrere Praktika in den Bereichen Entwicklung von Spielen und Webanwendungen in Deutschland und Jordanien absolviert. In meiner jetzigen Position liegt mein Fokus auf IT in der Logistik. Mein Ziel ist es, das Team sowohl bei unmittelbaren als auch bei langfristigen und strategischen Änderungen zu unterstützen. Diese Position ist eine tolle Möglichkeit für meine weitere Karriere und ich freue mich darauf, Teil dieses Unternehmens zu werden, nachdem ich mein Praktikum absolviert habe.

Computer Science Student Tarek Al Ashi completed his German Year study semester at TH Köln and is now doing his internship at Deutsche Bahn (DB Engineering & Consulting). He was introduced as the new member of the team in DB's internal newsletter. This is what he stated:

“Since March 1, 2018, I work as an intern at DB Engineering & Consulting. I have already completed several internships in the areas of development of games and web applications in Germany and Jordan. In my current position, my focus is on IT in Logistics. My goal is to support the team in both immediate and long-term strategic changes. This position is a great opportunity for my future career and I look forward to becoming part of this company after completing my internship.”

DB is one of GJU's longstanding official industry partners. As an active participant of the annually organized GJU Career Fair DB also took several students for their mandatory internship in Germany in one of their facilities and around 15 Graduates are working at DB in Germany, Jordan and the region.
