German Jordanian University

School of Basic Sciences and Humanities

Placement Tests Announcement

Arabic and English (all new students)

Math (Engineering students and computer science)

Academic year 2020-20201

Second Semester

Dear students,

Congratulations on your admission to the German Jordanian University, wishing you success and good luck. We would like to inform you that the School of Basic Sciences and Humanities will hold the three level exams (Arabic Language, Mathematics, and English Language) according to the times listed below, noting that taking the exam is **compulsory**. Because the student will not be able to register for the first semester unless he/she has taken the exams, especially since passing the exam will exempt the student from pre-courses with zero credit hours as well as it will open the way for choosing more subjects upon registration, requesting you to take the matter seriously.

1. **General information:**

   If your major is engineering or computer science then you must do all three exams (Note that you only need to do one math placement test based on your language preference) do not do both.

   For all other students (including students majoring in Design and Visual Communication at The School of Architecture and Built Environment) you only need to do Arabic and English Language placement tests (Math placement test is not required).

   The math test covers general math topics, integration and differentiation will not be included on the exam.

   Once you start any of the exams, the timer will start and the system will close the exam after the allocated time is over. The time for each test will be shown at the begging of the test (before you start), please make sure to time yourself, there will be no warning or timer throughout the exam.

   After the exam is over you will be able to see your score. The Arabic Language and Math placement tests passing grade is 50. Passing the placement test will allow you to register for Arabic 100 and Calculus I (Math101) respectively. Otherwise, you will have to register ARB099 and/or Math099 pre-courses.

   Kindly note that English Placement Test _**is not a pass or fail exam**_. It is tailored to place each student in one of the following levels according to his/ her score as shown in the table below:

Course Code	Score range	Level
Engl099	1-40	2
Engl101	41-60	3
Engl102	61-80	4
Engl201	81 and up	5

   Once the Level of the student is assigned, the student will have to register in it. A student can skip one, two, or three levels according to his language proficiency. Engl 201 and Engl 202 are Mandatory.

   You should do your best, as **these exams cannot be repeated**.

2. **Exams schedule:**

The exams will be available <u>online</u> for all as follows:

Placement tests will be open all day from 16-02-2021 until 24-02-2021.

It is up to you to pick the day and time slot that fits your schedule. The exams are all online, no need to come to GJU campus due to Covid-19.

3. **Instruction on how to register and how to take your exams:**
