Academic year 2021-2022

**The first batch of placement tests will take place Wednesday, February 16, 2022 and Thursday, February 17, 2022 starting at 9 am.**

***The exams will take place in the GJU computer labs H501 and H515.***

***Please note that students from previous years who have not taken the English, Math or Arabic placement test should send an email to Ms. Dina Elhindi at dina.hindi@gju.edu.jo.***

*** Failure to take the exams on the assigned date will result in a delay in course registration.***

Dear students,

Congratulations on your admission to the German Jordanian University, wishing you success and good luck. We would like to inform you that the School of Basic Sciences and Humanities will hold the three level exams (Arabic Language, Mathematics, and English Language) according to the times listed below, noting that taking the exam is compulsory. Because the student will not be able to register for the first semester unless he/she has taken the exams, especially since passing the exam will exempt the student from pre-courses with zero credit hours as well as it will open the way for choosing more subjects upon registration, requesting you to take the matter seriously.

1. **General information:**

   If your major is engineering or computer science, then you must do all three exams (Note that you only need to do one math placement test based on your language preference) do not do both.

   For all other students (including students majoring in Design and Visual Communication at The School of Architecture and Built Environment) you only need to do Arabic and English Language placement tests (Math placement test is not required).

   The math test covers general math topics, integration and differentiation will not be included on the exam.

   Once you start any of the exams, the timer will start and the system will close the exam after the allocated time is over. The time for each test will be shown at the beginning of the test (before you start), please make sure to time yourself, there will be no warning or timer throughout the exam.

   After the exam is over you will be able to see your score. The Arabic Language and Math placement tests passing grade is 50. Passing the placement test will allow you to register for Arabic 100 and Calculus I (Math101) respectively. Otherwise, you will have to register ARB099 and/or Math099 pre-courses.

   Kindly note that English Placement Test **is not a pass or fail exam.** It is tailored to place each student in one of the following levels according to his/ her score as shown in the table below:
<table>
<thead>
<tr>
<th>Course Code</th>
<th>Score range</th>
<th>Level</th>
</tr>
</thead>
<tbody>
<tr>
<td>Engl099</td>
<td>1-40</td>
<td>2</td>
</tr>
<tr>
<td>Engl101</td>
<td>41-60</td>
<td>3</td>
</tr>
<tr>
<td>Engl102</td>
<td>61-80</td>
<td>4</td>
</tr>
<tr>
<td>Engl201</td>
<td>81 and up</td>
<td>5</td>
</tr>
</tbody>
</table>

Once the level of the student is assigned, the student will have to register in it. A student can skip one, two, or three levels according to his language proficiency. Engl 201 and Engl 202 are mandatory.

You should do your best, as these exams cannot be repeated.

2. Exams schedule:

Placement tests will be held as follows:
