# Closer look into the 4<sup>th</sup> Industrial Revolution with Bosch Rexroth

The fourth Industrial Revolution (i4.0) is upon us. For those of you who strive to adapt and compete in a technology-driven marketplace, Bosch Rexroth invite you to attend this workshop that will prepare the ground for you to start your journey.

The topics covered through the workshop:

1. **Bosch Rexroth in a nutshell:** General presentation about the company.
2. **Industry 4.0 overview:** Principles of Industry 4.0 and its current and future impact on industry.
3. **How is i4.0 implemented:** Live examples and case studies from Bosch Rexroth own factories and production lines using industry 4.0.
4. **From the factory floor to the classroom:** Current and future employee requirement (especially for the engineering sector) and the impact on the education sector.

Workshop run by:

Eng. Tariq Adaileh

Eng. Ahmad Rayyan
