

Mr. Prof. Natheer Abu Obeid, president of the German- Jordanian University

Amman

Dear Professor Abu Obeid,

After returning from my visit to Jordan, I want to sincerely thank you for the successful event at the German-Jordanian University on December 7 and for the opportunity to have an exchange with your students.

Your university gives me a great confidence and hope. It is a meeting place for people from Jordan and Germany that will build in the future bridges of friendship between our countries, and it is also a place that helps to create a platform for young people who need it so much. The Investment in education is also an investment in a more peaceful enlightened world. Receiving this signal at the beginning of my stay in Amman was important to me.

I am very pleased that Germany contributes to the training of young Jordanians. GJU is a positive example of the fruitful cooperation between our countries.

I wish the university continuing academic achievements, and the recognition that it deserves.

Best regards

President of the Federal Republic of Germany Mr. Joachim Gauck
