

GJU Alumni strives to incorporate five major principles:

Mentoring/Career Networking

GJU Alumni and its members offer advice, guidance, and support to other Alumni and students. In addition, the GJU Alumni provides networking opportunities and job offers for new graduates and fellow Alumni.

Service

To make a positive impact on the community by doing community services projects such as medical awareness campaigns, educational events and other worthwhile programs.

Scholarships

To raise money to provide scholarships for local students who wish to attend GJU.

Social

To hold social functions to help our Alumni stay in touch with fellow Alumni in their area. This is great way to relieve the past, network with fellow Alumni or just catch up on what is happening in the university.

Student Recruitment

To serve as admissions representatives in their area. This is a great place for the Alumni to meet the next generation of Alumni and to share their experiences with them. Making that personal connection truly makes a difference.

Membership

To become a member, please fill the registration form to be uploaded on the GJU Alumni website: www.gju.edu.jo/Alumni
Get your membership card from the Deanship of Student Affairs at GJU.
The membership card offers discounts for different stores and restaurants in Jordan.

Sponsorship

Companies and institutions are invited to support our Alumni activities while benefitting from a partnership with a highly reputed university like GJU and its highly qualified ready-for-the-job-market graduates.

GJU
Alumni

الجامعة الألمانية الأردنية
German Jordanian University

With the first group of graduates in 2010, GJU started to set up a club for its graduates in order to stay connected and to provide advice and guidance in managing their professional career. GJU Alumni was established in 2011 as a division of the Deanship of Student Affairs. It is managed by a committee made up of both former students as well as academic and administrative staff

For our Alumni, GJU live does not end at graduation. The goal of GJU Alumni is to serve as a bridge between the university and its graduates.

To maintain a steady flow of communication between the graduates and the university, GJU Alumni created its own Facebook group. With over 500 group members interacting on a regular basis, the Alumni Facebook group has received many positive reviews by its members and visitors. These members never hesitate to try and help each other in terms of job hunts, professional counseling, job market issues, and university related events.

Alumni Hasan Ali Furokh
Supply Chain Officer at
MARKA VIP

“When I started studying, GJU was something never seen before in Jordan, we were taught to think out of the box. I started working with MARKA VIP 3 months ago as a supply chain officer. A month ago I got promoted to a supply chain manager, which is a testimony of our university’s high level of education.”

GJU graduates are currently on high demand by the job market. Combining both European and Jordanian academic and professional standards, GJU graduates are recognized as diverse and diligent employees by many employers and academic institutions.

Most of our graduates have successfully found jobs in many reputable local and international companies. GJU Alumni are driven by a strong will to produce excellence while at the same time maintaining the high academic and professional learning standards they received over the years at GJU.

We invite all our graduates to join GJU Alumni in order to enjoy many great benefits and to remain an important part of GJU’s past, present and future success.

Dr. Walid Shahab
Deanship of Student Affairs

Yola Soussou
Logistics Engineer at
DB International GmbH

“Studying at GJU has always given me the chance to think as if there were no boundaries, this has definitely contributed to finding a challenging career afterwards, and here I am now working at DB International, one of the leading companies in the world and acquiring the German expertise and know-how.”
