|--|--|

Memberships

A Diploma Member of the Chartered Institute of Purchasing & Supply	
Jordanian Geologists Association	نقابة الجيولوجيين الأردنيين Jordanian Geologists Association 

Honors and Awards

- Scholarship Outstanding Students – Merit 2010 – University of Wollongong in Dubai
- BMS Star innovation award - 2017
- BMS star team award - 2017

Achievements

- Building and establishment of “state of the art” logistics center with total investment of USD 10,000,000. The center was equipped with innovative storage technology as well as environment friendly material handling equipment. With 8 different storage solutions and oracle based warehouse management system, the center service many clients within the group with unlimited reporting capabilities.
- Developed a smart phone app through which employees can view the number and location of available parking spaces before they reach the building. The application saved hundreds of hours for employees and enabled utilizing the parking maximally and optimally.
- Developed end-to-end timesheets management system for contracted staff in integration with the access management system. By end of each month and based on daily access card swiping to enter the company premises, the system automatically generates a monthly report, sends it to each staff to review and forwards to the line manager to approve with a summary to the unit head before it finally goes to the service provider to process the salaries.

- Developed waiting service app at which pantry staff takes orders from guests with just few clicks on an iPad displaying menus and options. Orders will then get submitted instantaneously to the associated kitchen on a live order dashboard. Not only does the app offer a smart way of ordering F&B but it also enables tracking orders, measuring SLAs and controlling inventory.
