

Done by: Hamza Al-Najdawi & Ehab Al-Qawasmi

Drones and Robotics Systems Track

- Digital Control of Unmanned Systems ME5502
- Autonomous Mobile and Aerial Robots ME5503
- Artificial Intelligence in Unmanned Systems ME5504

Prerequisites: ME3401, ME5701, ME5501

Applied Artificial Intelligence Track

- Advanced Topics in Artificial Intelligence and Machine Learning ME5704
- Intelligent Control and Reinforcement Learning ME5703
- Computer Vision and Deep Learning ME5702

Prerequisites: ME3401, ME5701

 Placement Tests ARB0099 AND ENGL0099 are pre-requisites for most of the school and program courses	 Program Requirements (Common)
 Department Approval	 Program Requirements (Track)
 University Requirements	 Prerequisites for the German year
 School Requirements	XX0123* CO-Requisite Lab
