### Civil and Environmental Engineering
- **Track 1:** Sustainable Structures and smart mobility
- **Track 2:** Environmental Engineering and Sustainable Development

### Business Intelligence and Data Analytics

### School of Applied Humanities & Languages

### School of Applied Medical Sciences
- **German & English for Business and Communication**
- **Translation:** German/English/Arabic

### School of Architecture & Built Environment
- **Design & Visual Communication**
- **Architecture**
  - Track 1: Architecture
  - Track 2: Interior Architecture

*The student must take an entrance exam to enroll in these majors.*

All students enrolled in the German Jordanian University must spend a year for studying and training purposes and must bear all the financial burden of the residence in Germany. The cost is approximately JD 8000 – JD 10000.
Admission and grade requirements for each major

- Enrolling in any of the Engineering majors requires a minimum high school grade of 80%.
- Enrolling in German and English for Business and Communication, Translation, or Design and Visual Communication requires a minimum high school grade of 70%.
- Enrolling in the Business School, Nursing Sciences and Computer Sciences (scientific branch) requires a minimum high school grade of 75%.
- The minimum acceptance average at the German Jordanian University is 70%.
- An acceptance exam is required for students who apply for the following majors: Architecture and Design and Visual Communication.
- Students who have a grade of 65% and above can apply for enrollment in university specializations, except for engineering specializations, provided that they take the admission exam and obtain the required score as per the university’s instructions.
