

Benefits of Care Insurance through GJU

- **Non-profit Insurance:** Subscription fees are directed towards the treatment of subscribers who have been diagnosed with cancer.
- Guaranteed exclusive treatment at the King Hussein Cancer Center.
- Full coverage benefit, even if the diagnosis is made on the last day of the subscription.
- Annual subscription with monthly installments deducted from the salary.
- 10% discount on fees for university employees and their families.
- 25% discount on laboratory tests, X-rays, and endoscopic examinations required by any external medical entity, provided they are conducted exclusively at the King Hussein Cancer Center.
- Available to all ages and nationalities.
- Subscribers aged 18 years and above are entitled to free clinical screening for cancer once a year.
- Varied coverage limits.

Terms and Exclusions

- The subscriber must not be currently diagnosed with cancer or have had a previous diagnosis. If a covered patient is found to have been diagnosed with cancer at the time of the subscription request or earlier, coverage for that patient will be terminated, and necessary legal actions will be taken against the subscriber to recover the amounts spent on the patient's treatment.
- Any cancer diagnosed within the first six months from the start date of the subscription for new subscribers will not be covered (this does not apply to subscribers who have an existing active subscription in Care Insurance).
- The coverage amounts in case of a cancer diagnosis, will be according to the chosen coverage limit, and it will be used only once as treatment costs at the King Hussein Cancer Center.
- The subscriber is obligated to inform the university as soon as they become aware of the diagnosis during the insurance year to ensure coverage. If the subscriber becomes aware of the diagnosis but fails to report it and the subscription year ends, the subscriber loses the right to coverage.
- Upon renewing this agreement for a new year, the subscriptions of members who were diagnosed with cancer and covered by the "Care Insurance Program" will be terminated. However, their right to benefit from coverage remains until the coverage balance is exhausted.

Scope of Coverage in Case of Cancer

- Treatment, laboratory tests, and diagnostic imaging are only covered at the "center" and through its accredited doctors. Costs outside the "center" or outside the country are not covered, except in cases requested by the King Hussein Cancer Center.
- The "organization/program" does not cover costs for treatments or procedures for illnesses other than cancer.
- Accommodation at the "center" – in case of a diagnosis – is covered at the second-class level. If the diagnosed subscriber requests first class accommodation, they will bear the full additional cost.

Subscription and Cancellation Policy and Procedure

- Fill out the approved form with accurate and correct information.
- The coverage limit for family members is the same as that for the employee and cannot be changed during the contract period.
 - Family members eligible for subscription include spouses, children, and parents
- The subscription is valid for one contractual year and cannot be suspended during this year.
- The annual premium is paid through monthly deductions directly from the salary.
