OUR FEATURES

- » We are one of the leading schools in Jordan by setting standards of excellence in innovative curriculum design, teaching, professional development, and cross-cultural understanding.
- » Our school aims to develop global citizenship through teaching and learning languages. This is accomplished by encouraging individuality and fostering respect for difference and value learning from others within an international environment. This multicultural approach is driven by the nurturing of language acquisition in a global community and ensuring students have access to a language of the host culture (Arabic English German) while at the same time safeguarding our students' native languages.
- » We inspire and support all students in achieving their individual potential for a successful responsible life as multilingual individuals.

TESTIMONIALS

- » Interactive is what makes the difference, and a lot of hidden work is done, leading to a unique and special faculty, by building new upcoming programmes. I believe that the aims of SAHL's programmes are unique in the Middle East. I feel privileged for the interactive experience I have with SAHL. Thank you all.
- **Prof. Dr. Salah Alsalman**
Dean of the School of Applied Humanities and Languages

- » Participating in the development of the Social Work program is an immensely satisfying experience in many ways. It allowed me to develop a series of invaluable personal and professional connections. But the most satisfying of all, was sharing my knowledge with colleagues and students while I learned from them as well.
- **Prof. Dr. Christine Hildebrandt**
Head of the Social Work Department
