**HIS MAJESTY
KING ABDULLAH II**

“Dear Chancellor Merkel, I can say that I am very satisfied with our cooperation on a bilateral level. Above all, with such successful projects as the German Jordanian University. This is certainly one of the most successful projects I’ve seen in my country in the last ten years. We hope that we can move forward on this basis even further.”

**HIS ROYAL HIGHNESS
CROWN PRINCE AL-HUSSEIN
BIN ABDULLAH II**

**PRESIDENT OF THE
GERMAN JORDANIAN
UNIVERSITY**

Your Excellencies, distinguished guests, parents and graduates,

Welcome to GJU's 11th Graduation Ceremony.

Allow me to start by telling you that this is not going to be an ordinary speech because if you look around you, we are not an ordinary university, and you... my dear graduates, are certainly not ordinary students.

Today, we celebrate an extraordinary Tenth Group of exceptional students, each with a unique set of skills and attributes to offer. The outstanding education you have received throughout your time here has given you the opportunity to stand out; to discover who you truly are, and to celebrate your individuality. Your special teachers have equipped you to take on the world, and face any challenge head on... and for that, I thank each and every one of you: our outstanding Professors, Doctors and teachers.

Among us today are no ordinary parents either. These mothers and fathers have supported their sons and daughters, and watched them

grow into the men and women they are today. They smiled bravely as their children left the nest and traveled to Germany to continue their studies, and they trusted them with an open mind and loving heart. So, thank you! Thank you to every parent; thank you for allowing them this extraordinary opportunity.

Our dear students, be proud of your distinctive education, and of all the time and effort you have put in. But most importantly, be very proud of where you come from and maintain the reputation we have built together. Not only do you represent the German Jordanian University, not only are you ambassadors of Jordan to the world, you are the beautiful souls that will impact the lives of everyone around you, so take that power and fly with it.

12 | 13

Let us celebrate this great achievement with our dearest students; congratulations and God bless you all.

“AS A STUDENT OF ARCHITECTURE PROGRAM AT SABE, I GAINED BOTH THE SKILLS AND CONFIDENCE TO WORK IN THE MARKET. I REALLY VALUE MY EXPERIENCE AT SABE, WHERE I WAS TAUGHT BY SKILLED, THOUGHTFUL, DEDICATED AND EXPERIENCED ARCHITECTS. ALSO, HAD THE CHANCE TO GAIN WORK EXPERIENCE NOT ONLY IN JORDAN BUT ALSO IN GERMANY, WHICH BROADENED MY PERSPECTIVES AND SKILLS IN THE ARCHITECTURAL FIELD.”

The screenshot shows a Zoom meeting with six participants in a grid view. Below the grid is a presentation slide titled "Introduction" and "Example experiments". The slide features a photograph of a yellow and green aircraft model in a wind tunnel. To the right of the photo, technical specifications are listed:

| | |
|----------------|-------|
| Accelerometer: | 850 |
| Shaker: | 20 |
| Wing span: | 80m |
| Length: | 73m |
| Height: | 24m |
| Max. weight: | 560 t |

At the bottom of the slide, there is a footer with the text "A. Bartsch: Shaker measurement and analysis page 10" and the IAF logo.

UNIQUE FEATURES

- SBSH prepares GJU students to become proficient in the English language by their third academic year.
- We train our students to face the real world through promoting Intercultural Communication; Soft Skills; Leadership and Emotional Intelligence; and Entrepreneurship and Enterprises.
- We arm our students with the basics of Physical Sciences and Mathematics that will help them think critically of the various engineering problems that they will face in their professions.
- SBSH faculty members are heavily involved in interdisciplinary research projects with most of the engineering specializations faculty members at GJU.
- SBSH faculty members were able to obtain funds for many research projects from many international research funds such as DAAD, Erasmus plus, Jordanian Scientific Research Fund, DFG, among others.
- National Education faculty members at SBSH were pioneers in achieving an online National Education course through the EDRAAK platform, which is shared by many other Jordanian Universities.

SCIENTIFIC RESEARCH

Deanship of Scientific Research (DSR) provides counseling, funding, and support services to faculty and students to conduct genuine research and produce quality publications. These services aim to enhance the researchers' experience and guide them along their journey to complete their national and international research projects

Mission

DSR supports the growth and excellence of research at GJU with the vision of becoming a reputable national and international research institute. To this end, DSR:

- Identifies, supports, and rewards excellence in scientific research and applied sciences.
- Builds and strengthens national and international research communities and networks.
- Increases research impact through dissemination, industry outreach, and technology transfer.
- Develops partnerships with research sponsors and potential local and external funding agencies.

Dr. Thilal Owais

“I FOUND GJU A GREAT PLACE WHERE THE STUDENT CAN BE WELL EDUCATED DUE TO AVAILABILITY OF TOOLS, COURSES, SOFTWARE, LABORATORIES AND THE ABILITY TO USE UNIVERSAL SCIENTIFIC WEBSITES AND HAVE BENEFITS FROM PUBLISHED PAPERS AND RESEARCHES, BUT IT WAS A HARD JOURNEY DUE TO DIFFICULT COMPLICATED ADMINISTRATIVE INSTRUCTIONS.”

268 | 269

The Deanship of Student Affairs (DSA) is in charge of all non-academic affairs in the University. It encompasses providing help for students through training and career counselling, financial support of students in need, organizing all extra curricular activities and student trips, networking and following up with alumni, sport, art, and music activities, including student clubs and teams, psychological and empowerment services, international and Arab student affairs to facilitate their studies at GJU, organizing student elections and polls, and overseeing relationships with student bodies and organizations.

COUNSELLING & EMPOWERMENT SERVICES (CAPS)

To all students at GJU, either through its qualified staff or through its wide spread referral system.

STUDENT SERVICES DEPARTMENT

The Department is responsible for providing services related to student funds and financial support, medical services, issuing student ID cards, car permits, Arab and international student affairs, and international students' exhibition.

KING ABDULLAH II FUND FOR DEVELOPMENT | CAREER GUIDANCE & ALUMNI OFFICE

The Department is responsible for providing high quality training and career counselling services based on individual assessment. This helps students understand their strengths and makes them career personality fit. KAFD also supports students' academic related travel.

STUDENT ACTIVITIES DEPARTMENT

The Department is responsible for the non-academic activities such as: sports activities, national, social and cultural. Also the Department is responsible for forming and monitoring student clubs, organizing student elections.

PROJECT OFFICE | MISSION

The five employees of the GJU project office at UAS Magdeburg-Stendal coordinate the German network of university and business partners and participate with Prof. Dr. Anne Lequy in the strategic planning of GJU. Among other responsibilities, the total German budget of the project and its pending scholarship programs is supervised at the GJU project office in Magdeburg, including managing and accounting for scholarship payments and reporting to the German Academic Exchange Services as well as to other stakeholders. The team is also responsible for the student support during the German Year and the Alumni Ambassadors Program for GJU-graduates studying and/or working in Germany

OFFICE OF THE VICE PRESIDENT FOR INTERNATIONAL AFFAIRS | MISSION

The international and the German dimension at GJU - this is what the Vice President for International Affairs and his office are responsible for.

Building and strengthening bridges between Jordan and Germany is the main mission of GJU's Vice President for International Affairs. Students, lecturers, researchers, cooperation partners, and politicians can travel on these bridges and meet in between with regard to international, intercultural, scientific and application-oriented exchange and knowledge transfer. Networks arise from bridges and friendships arise from travellers.

GERMAN LANGUAGE CENTER | MISSION

The German Language Center (GLC) is a central unit of the German Jordanian University (GJU) with the task of preparing all students of the university's undergraduate programme for their compulsory so-called German Year. Every year, around 700 GJU students travel to Germany to spend a study semester at one of the more than 100 German GJU partner universities and a twenty-week internship in a company in Germany. A unique feature of the GJU with transnational educational character is that all Bachelor students, without exception, start a study period in Germany. This is politically intended and underlines the particularly strong, continuous reference to Germany of the Transnational Education Project, which is wanted by both governments and supported by the German Government.

OFFICE FOR INDUSTRIAL LINKS | MISSION

One of GJU's main features is the university's strong cooperation with the industry. To foster this collaboration, the Office for Industrial Links (OIL) was established in 2009. It is responsible for building up and facilitating sustainable university-industry partnerships by organizing special business events, lectures, workshops, and company presentations, and providing career services for its students and graduates. Further, it advises staff and partners from industry about different aspects of GJU's Dual Study Tracks and is strongly involved in GJU's alumni and entrepreneurship activities through its Program Innovation and Entrepreneurship (PIE).

Every year, floods in Petra pose a dire threat to the residents, guests and monuments of Petra. Flash floods occur with little warning, and the narrow channel formed by the Siq and the courtyard of the Treasury become inundated with water. Obviously, this is of great concern to the Petra Development and Tourism Regional Authority.

With funding from the US Ambassadors Fund, CSNACH is the process of tackling this issue by reviving the Nabatean flood control system. Using modern documentation, monitoring and modelling tools to assess the system and ancient flood control measures to tame the torrents and harvest the flood water for useful purposes.

ROAD SAFETY CENTER

DIRECTOR
Mohammad Alfar

The center's mission is contributing to reducing the road accidents fatalities, as well as creating safer and more sustainable roads for all the road users in the Hashemite Kingdom of Jordan.

The center Mission is to provide a unique range of specialist services to local authorities in addition to organizing educational activities and training sessions that aim at capacity building progress in the area of Road Safety.

LEGAL CONSULTANT OFFICE

ADVOCATE AND LEGAL
CONSULTANT
Omran Hawawsheh

We serve GJU with the highest quality of legal services on both local and international levels. Furthermore, among our duties is to coordinate, follow up and close monitoring of all legal issues with the GJU departments. We advise GJU on all legal issues related to its operations and activities including drafting, reviewing and monitoring all kinds of agreements, contracts and memorandums of understanding.

INTERNATIONAL PROJECT OFFICE

DIRECTOR
Rasha Al-Homoud

COORDINATOR | Bashar Almazrawi

The main mission of the office is to provide administrative support for faculty members at GJU, promote the University abroad successfully and execute the projects that are funded by international programs and agencies. In particular, the International Projects Office main tasks are:

- Facilitate faculty participation in the international projects related to the higher education capacity building, consultations, collaborations, and academic development.
- Assist faculty members to develop proposals, agreements and contracts of the grants and provide them with all necessary information and resources.
- Provide project coordinators with administrative and logistics support to accomplish the project activities.
- Help project coordinators to ensure the fund agreements, contracts and regulations are applied.
- Provide networking with international universities and funding agencies.

HIGHER EDUCATION FOR YOUNG SYRIANS AND JORDANIANS PROJECT

EDU-SYRIA is a framework that helps Syrian refugees in Jordan and under-privileged Jordanians from refugee host communities to gain access to higher education through a set of scholarship programs. EDU-SYRIA supports the “No Lost Generation” strategy, which aims to provide those affected by the conflict with the chance to shape a more stable and secure future.

The project consists of two components: EDU-SYRIA I and EDU-SYRIA II. German Jordanian University (GJU) manages both projects under the name of GJU President Prof. Manar Fayyad as the Project Director and Dr. Dhiah el Diehn Abou-Tair as the Project Manager.
