YEARBOOK COMMITTEE	386
---------------------------------	-----

**HIS MAJESTY
KING ABDULLAH II**

“Dear Chancellor Merkel, I can say that I am very satisfied with our cooperation on a bilateral level. Above all, with such successful projects as the German Jordanian University. This is certainly one of the most successful projects I’ve seen in my country in the last ten years. We hope that we can move forward on this basis even further.”

**HIS ROYAL HIGHNESS
CROWN PRINCE AL-HUSSEIN
BIN ABDULLAH II**

**PRESIDENT OF THE
GERMAN JORDANIAN
UNIVERSITY**

Dear GJU Ambassadors,

We rejoice in your graduation with boundless joy. What once seemed insurmountable has now become a reality. Take pride in how far you've journeyed and have faith in the path that lies ahead.

GJU is exceptionally proud of your accomplishments. Your families have eagerly awaited this day to celebrate your academic journey. It hasn't been an easy road, but the outcome is a significant achievement. The puzzle is now complete, and you can rightfully take pride in your achievements and progress.

This success is a result of the vision and guidance of His Majesty King Abdullah II, as well as the steadfast support and invaluable partnership with our German collaborators, strong community ties, and industrial firms, and the unwavering dedication of our faculty and administrative staff.

I extend my heartfelt congratulations, along with some advice: Remember that knowledge must always be accompanied by a strong sense of morality. Continue to aim for the stars, embrace determination, and settle for nothing less than the best. Your parents have played a pivotal role in shaping who you are

today. Procrastination only hinders progress; start now. Embrace new cultures to gain a broader understanding of the world. When one door closes, always remember that new ones open. Learning is a lifelong journey; always seek to acquire more knowledge. Stay true to yourself and remain humble even in your moments of success. Lastly, be leaders and exceptional ambassadors for your university.

Congratulations to all of you, dear graduates.

“BEING IN GJU IS LIKE RIDING A ROLLERCOASTER; AT SOME POINT YOU’RE SO EXCITED, AT MANY OTHERS, YOU ARE JUST FREAKING OUT. BUT ONLY WHEN IT’S DONE, YOU REALIZE THAT IT IS ONE OF THE BEST THINGS IN YOUR LIFE. AND YOU WON’T HESITATE TO DO IT AGAIN, WITHOUT THINKING.”

“STUDYING COMPUTER ENGINEERING AT GJU HAS HELPED ME IN ESTABLISHING A SOLID FOUNDATION AND KNOWLEDGE OF MY MAJOR, AS WELL AS INSPIRING MY EDUCATIONAL DESIRES TO GROW. EQUALLY IMPORTANT, GJU HAS ASSISTED ME IN EXPLORING THE MEANING AND THE CIVILIZATION OF BEAUTY, SCIENCE, WORK AND EFFORT BY DOING THE YEAR ABROAD IN GERMANY WHICH HAS DEFINITELY ADDED A GREAT VALUE ON MY PERSONAL LIFE.”

UNIQUE FEATURES

- SBSH prepares GJU students to become proficient in the English language by their third academic year.
- We train our students to face the real world through promoting Intercultural Communication; Soft Skills; Leadership and Emotional Intelligence; and Entrepreneurship and Enterprises.
- We arm our students with the basics of Physical Sciences and Mathematics that will help them think critically of the various engineering problems that they will face in their professions.
- SBSH faculty members are heavily involved in interdisciplinary research projects with most of the engineering specializations faculty members at GJU.
- SBSH faculty members were able to obtain funds for many research projects from many international research funds such as DAAD, Erasmus plus, Jordanian Scientific Research Fund, DFG, among others.
- National Education faculty members at SBSH were pioneers in achieving an online National Education course through the EDRAAK platform, which is shared by many other Jordanian Universities.

SCIENTIFIC RESEARCH

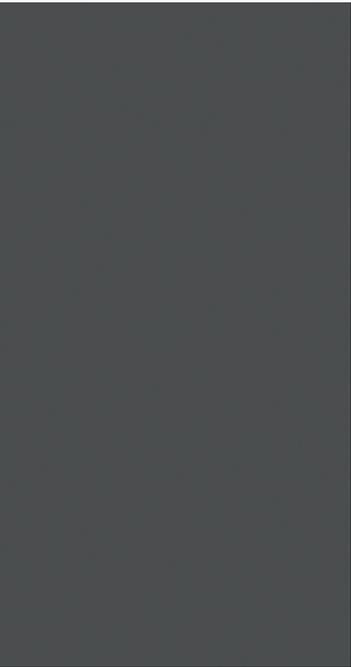

Deanship of Scientific Research (DSR) provides counseling, funding, and support services to faculty and students to conduct genuine research and produce quality publications. These services aim to enhance the researchers' experience and guide them along their journey to complete their national and international research projects

Mission

DSR supports the growth and excellence of research at GJU with the vision of becoming a reputable national and international research institute. To this end, DSR:

- Identifies, supports, and rewards excellence in scientific research and applied sciences.
- Builds and strengthens national and international research communities and networks.
- Increases research impact through dissemination, industry outreach, and technology transfer.
- Develops partnerships with research sponsors and potential local and external funding agencies.

DI-TECH is the first Deanship in Jordan dedicated to innovation, technology transfer and entrepreneurship. The establishment of DI-TECH comes as an important milestone towards transforming GJU to an entrepreneurial university. As we witness the expansion of societal and economic challenges, this Deanship strives to provide the tools for our students to gain effective entrepreneurial and employability skills. In doing so, GJU graduates will have a great chance to implement innovative solutions and take part in the global digital transformation movement for the benefit of our country and humanity at large.

THE TECHNOLOGY TRANSFER AND INDUSTRIAL LINKS SECTION

The section offer services to the industry related to facilities, networking, consultation, training, co-creation of study plans, and cooperation of Dual Study Programs.

THE INNOVATION AND ENTREPRENEURSHIP SECTION

The section is responsible for fostering knowledge development in the field of innovation and entrepreneurship, disseminate the respective output, host GJU's innovation, incubation, and intellectual property service, and offer curricular courses on entrepreneurship, employability, and innovation.

OFFICE OF THE VICE PRESIDENT FOR INTERNATIONAL AFFAIRS | MISSION

The international and the German dimension at GJU - this is what the Vice President for International Affairs and his office are responsible for.

Building and strengthening bridges between Jordan and Germany is the main mission of GJU's Vice President for International Affairs. Students, lecturers, researchers, cooperation partners, and politicians can travel on these bridges and meet in between with regard to international, intercultural, scientific and application-oriented exchange and knowledge transfer. Networks arise from bridges and friendships arise from travellers.

GERMAN LANGUAGE CENTER | MISSION

The German Language Center (GLC) is a central unit of the German Jordanian University (GJU) with the task of preparing all students of the university's undergraduate programme for their compulsory so-called German Year. Every year, around 700 GJU students travel to Germany to spend a study semester at one of the more than 100 German GJU partner universities and a twenty-week internship in a company in Germany. A unique feature of the GJU with transnational educational character is that all Bachelor students, without exception, start a study period in Germany. This is politically intended and underlines the particularly strong, continuous reference to Germany, which is wanted and supported by both the Jordanian and the German governments.

Every year, floods in Petra pose a dire threat to the residents, guests and monuments of Petra. Flash floods occur with little warning, and the narrow channel formed by the Siq and the courtyard of the Treasury become inundated with water. Obviously, this is of great concern to the Petra Development and Tourism Regional Authority.

With funding from the US Ambassadors Fund, CSNACH is the process of tackling this issue by reviving the Nabatean flood control system. Using modern documentation, monitoring and modelling tools to assess the system and ancient flood control measures to tame the torrents and harvest the flood water for useful purposes.

LEGAL CONSULTANT OFFICE

ADVOCATE AND LEGAL
CONSULTANT
Omran Hawawsheh

We serve GJU with the highest quality of legal services on both local and international levels. Furthermore, among our duties is to coordinate, follow up and close monitoring of all legal issues with the GJU departments. We advise GJU on all legal issues related to its operations and activities including drafting, reviewing and monitoring all kinds of agreements, contracts and memorandums of understanding.

INTERNATIONAL PROJECT OFFICE

DIRECTOR
Rasha Al-Homoud

COORDINATOR | Bashar Almazrawi

The main mission of the office is to provide administrative support for faculty members at GJU, promote the University abroad successfully and execute the projects that are funded by international programs and agencies. In particular, the International Projects Office main tasks are:

- Facilitate faculty participation in the international projects related to the higher education capacity building, consultations, collaborations, and academic development.
- Assist faculty members to develop proposals, agreements and contracts of the grants and provide them with all necessary information and resources.
- Provide project coordinators with administrative and logistics support to accomplish the project activities.
- Help project coordinators to ensure the fund agreements, contracts and regulations are applied.
- Provide networking with international universities and funding agencies.

HIGHER EDUCATION FOR YOUNG SYRIANS AND JORDANIANS PROJECT

EDU-SYRIA is a framework that helps Syrian refugees in Jordan and under-privileged Jordanians from refugee host communities to gain access to higher education through a set of scholarship programs. EDU-SYRIA supports the “No Lost Generation” strategy, which aims to provide those affected by the conflict with the chance to shape a more stable and secure future.

The project consists of two components: EDU-SYRIA I and EDU-SYRIA II. German Jordanian University (GJU) manages both projects under the name of GJU President Prof. Manar Fayyad as the Project Director and Dr. Dhiah el Diehn Abou-Tair as the Project Manager.
