German Jordanian University

ANNOUNCEMENT

Date: April 3, 2024

Sub: Appointment of a coordinator/researcher for “Building Sustainable Futures: Strategic Partnership HS Trier and GJU” project

Details:

1. Qualification: Bachelor’s degree in the area of Architecture, spatial planning, Energy Engineering, Civil and Environmental Engineering, sustainability or a related discipline. Master’s degree preferred
2. Requirements: Very good knowledge of English (B2 or above)

   Very good intercultural communication skills

   Interest in sustainability related topics

   Willingness to travel to Germany

   Knowledge of German (B1 or above) preferred

3. Appointment duration: 2 years with an opportunity of extension for another 2 years
4. Hours/week: 32 hours a week. In addition to full commitment to the organized workshops

Job Requirement:

The coordinator/researcher will work in the area of interdisciplinary sustainability topics involving sustainability in construction, design, energy and engineering alongside sustainable urban and regional development, and efficient project management. She or he will support the Jordanian project partners in the management of the project. Preference will be given to candidates with prior experience in these domains, including national and international research projects. This position might potentially pave the way for a PhD opportunity at HS Trier, Germany.

Application should be e-mailed to the undersigned before April 11, 2024, who will also answer questions concerning this position.
