- Any proposals received after July 7th 2023 will not be accepted.
- Women candidates are encouraged to apply.

Introduction

We are looking for a part-time senior web developer to initiate, design and develop the website and to ensure that sites meet user expectations by ensuring they look good, run smoothly and offer easy access points with no loading issues between pages or error messages.

The best candidate is someone who can work collaboratively with the GJU team, is passionate about web development, and has a deep understanding of front-end and back-end development technologies and methodologies. If you are looking for a challenging and new exciting opportunity, you can apply!

Job Description and Responsibilities

- Web Development
- Front-end Development
- Back-end Development
- Content Management
- Database Management
- Testing and Debugging
- Website Maintenance
**Minimum Qualifications**

- Bachelor’s degree in computer science, software engineering, or a related field (or equivalent experience).
- Proficiency in front-end web development technologies such as HTML, CSS, JavaScript, and related frameworks.
- Knowledge of back-end programming languages and frameworks such as Node.js, PHP, Python, or Ruby on Rails.
- Experience with database systems and query languages such as MySQL, PostgreSQL, or MongoDB.
- Familiarity with version control systems like Git.
- Understanding of web standards, cross-browser compatibility, and responsive design principles.
- Problem-solving and analytical thinking skills to troubleshoot issues and implement effective solutions.
- Attention to detail and a commitment to writing clean, maintainable code.
- Strong communication and collaboration skills to work effectively in a team environment.
- Ability to prioritize tasks, manage time efficiently, and meet project deadlines.
- Familiarity with web accessibility standards and SEO best practices is a plus.

**Duration of the Work**

This assignment is expected to be finalized within **10 working days**, from **July 10th to Sep 30th, 2023**.

**Payment Milestone**

The consultant will be paid a rate of **150 euro/Day for a maximum of 5 working days per month**, and the payment will be issued after submitting the required task.
