Professional & Academic Experience

Research and Teaching Assistant at German Jordanian University | Oct 2025 - Present

- Lecturer for theoretical courses including: Pathophysiology, Human Anatomy, and Physiology using student-centered and technology-enhanced teaching strategies.
- Clinical Instructor for Critical Care Nursing, Intensive Clinical Training (Levels I, II & III), Mental Health Nursing, Maternity & Newborn Nursing (Obstetrics), Pediatric Nursing, High-Intensity Neonatal Care, Community Health Nursing and Health Assessment across diverse clinical settings.
- Utilize simulation-based education, high-fidelity simulators (SimMan, MamaAnne, Leonardo), and VR technologies to enhance experiential learning and clinical decision-making skills.
- Supervise and mentor nursing students during clinical training, fostering critical thinking, clinical judgment, and professional competencies.
- Design and deliver authentic, outcomes-based learning experiences that integrate case-based learning, reflective practice, and digital tools, while providing structured feedback and competency-based evaluation to support student success and professional growth.
- Develop and align Course Learning Outcomes (CLOs) and Intended Learning Outcomes (ILOs) with program outcomes and accreditation standards, ensuring constructive alignment between teaching strategies, learning activities, and assessment methods.

Registered Nurse at Istishari hospital (BMT UNIT) | July 2024 – Dec 2025

- Provided direct and professional nursing care to patients in a specialized Bone Marrow Transplant (BMT) unit.
- Assessed and evaluated new and existing patients to determine priorities and appropriate care plans.
- Administered medications, blood products, chemotherapy, and narcotics in accordance with hospital protocols and safety standards.
- Maintained accurate documentation and ensured strict confidentiality of patient records.
- Delivered specialized nursing care based on patient needs while maintaining a safe and clean clinical environment.

Registered Nurse at King Hussein Cancer Center (AICU-SIMU) | April 2021 – June 2024

- Delivered high-quality nursing care to critically ill patients in an Intensive Care Unit (ICU) setting.
- Managed care for up to two critically ill patients per shift, ensuring accurate assessment, monitoring, and intervention.
- Utilized advanced life support and rapid response skills in emergency and high-acuity situations.
- Administered medications and performed clinical procedures within the scope of registered nursing practice.
- Educated patients and families on disease processes, medications, and self-care strategies.
- Demonstrated strong clinical judgment and decision-making in complex patient care situations.

Peer Tutor & Clinical Teaching– Jordan University of Science and Technology | (2017 – 2021)

- Provided academic support to peers and junior students across a wide range of nursing courses, including Fundamentals of Nursing, public health, Research & Management, Ethics, Medical-Surgical Nursing and Pharmacology
- Delivered theoretical explanations and practical demonstrations to enhance students' understanding.
- Conducted structured study sessions to prepare students for exams, skills assessments, and clinical evaluations.
- Demonstrated strong communication, leadership, and teaching abilities through peer education.
