HIS MAJESTY KING ABDULLAH II

"Dear Chancellor Merkel, I can say that I am very satisfied with our cooperation on a bilateral level. Above all, with such successful projects as the German Jordanian University. This is certainly one of the most successful projects I've seen in my country in the last ten years. We hope that we can move forward on this basis even further."

HIS ROYAL HIGHNESS CROWN PRINCE AL-HUSSEIN BIN ABDULLAH II

PRESIDENT OF THE GERMAN JORDANIAN UNIVERSITY

Prof. Natheer Abu Obeid

Dear Graduating Students,

Warm greetings to all ... I would like to congratulate you for your great achievement of graduation from our great institution; GJU. I am sad to say that when you leave I will not be witnessing that as a president of GJU. But, I will be following this dear event to me with my heart and soul, and with great pride. As I'm leaving GJU, it's my pleasure to say that it was a great honor to carry the responsibility of leading this great university, and I hope I was merited during my presidency period. The least we can do to our country is to contribute in preparing human cadres who are qualified and capable of building

and developing our society, just like yourselves; our beloved graduates that we cherish. We worked together as one family to achieve uniqueness, despite all challenges, and reach this great moment. Now I leave my position with pride of all of you, hoping to continue rising in our society and in the whole region, good ambassadors who could bridge between us and the German and European culture, and shining stars of hope to the society for better future. I thank you all for your tremendous efforts and for being up to the expectations of GJU. I also thank my colleagues in GJU for doing

a great job in supporting you. My gratitude goes to your parents for their non-stopping support all through your journey with us. I also thank our country's institutions which contributed in the university's success, especially Higher Education Institutions. And of course, many thanks go to our German friends for their great continuous support. Dear Graduates, you are our hope, keep learning and working as your good efforts will always pay off. I look forward to seeing you our future leaders.

Congratulations!

BOARD OF TRUSTEES

CHAIRMAN Eng. Othman Bdeir

"THIS INSTITUTION HAS BEEN ESTABLISHED TO BE A STORY OF ACADEMIC EXCELLENCE AND SOCIAL RESPONSIBILITY AND WE ALL LOOK FORWARD TO BEING ABLE TO PRESERVE THIS LEGACY."

"GJU IS A GREAT **EXPERIENCE** AND JOURNEY OF INTERCULTURAL UNDERSTANDING AND INTERNATIONAL EXPERIENCE. LET'S MOVE ON JOINTLY IN AND BETWEEN BOTH **WORLDS: JORDAN AND** GERMANY."

"THE PRACTICAL AND APPLICATION-ORIENTED TEACHING OF THE GJU IS BASED ON THE MODEL OF GERMAN UNIVERSITIES OF APPLIED SCIENCES. WITH GREAT JOY WE LOOK FORWARD TO CONTINUING OUR SUCCESSFUL COOPERATION WITH GJU."

OFFICE OF THE VICE PRESIDENT FOR INTERNATIONAL AFFAIRS | MISSION

The international and the German dimension at GJU - this is what the Vice President for International Affairs and her office are responsible for.

Building and strengthening bridges between Jordan and Germany, is the main mission of GJU's Vice President for International Affairs. Students, lecturers, researchers, cooperation partners, and politicians can travel on these bridges and meet in between with regard to international, intercultural, scientific and application-oriented exchange and knowledge transfer. Networks arise from bridges and friendships arise from travellers.

CSNACH was quite active in the previous year, with special emphasis on the expansion of the ancient hydrological terraces project. This project strives to explore and expand on our knowledge of how our fore bearers managed water and landscape using various terracing approaches. This helped them to avoid drought and flooding, and potentially hold important lessons for our future. In the past year, a number of research activities, publications and public lectures were conducted to both expand our knowledge on this issue and to explain the implications to the general public.
